2in1 USB 2.0 Nano Memory stick 16 GB + micro SD Slot

Description

This USB Nano memory stick by Delock provides besides internal memory also a micro SD card slot. By inserting the memory card, the USB stick will be recognized with two drives. Thus you can e.g. transfer your data from the memory card directly to the USB stick.

Due to its ultra small design it is ideal for notebook user who want to avoid inconvenient plugging and unplugging especially on the way. Just keep the USB Nano stick inserted in the USB port of your notebook or PC. Thus you can use the memory at anytime for saving different data like pictures, texts or music files.
